

The Refeeding Syndrome and Safe Initiation of Home Parenteral Nutrition

You are invited to attend an accredited CE presentation!

This accredited continuing education course will be offered at no charge:

This course is designed to educate nurses, case managers, social workers and registered dietitians to help them better understand refeeding syndrome, obstacles associated with the condition and how to ensure safe initiation of parenteral nutrition coverage.

The course is followed by an evaluation and post-test and participants passing the post-test (>80%) will earn one (1) continuing education credit hour.

Upon completion of this course, participants will be able to:

1. Describe the pathophysiology of the refeeding syndrome
2. Identify signs and symptoms of refeeding syndrome
3. Describe diseases and clinical conditions associated with risk for refeeding syndrome
4. List and define the steps to ensure safe initiation of home PN

Presenter: This course was designed by Hi-R-Ed Online University. Hi-R-Ed has been approved as a provider of continuing education credit for social workers, nurses and dietitians and has received course approval for case managers.
