

Tiny Patients, Big Challenges:

Successful Provision of Home Nutrition
Support in Pediatric Patients

You are invited to attend an accredited CE presentation!

This accredited continuing education course will be offered at no charge:

The purpose of this program is to help nurses, case managers, social workers and registered dietitians build a working knowledge of pediatric nutrition including growth assessments and malnutrition.

The course is followed by an evaluation and post-test, and participants passing the post-test (>80%) will earn one (1) continuing education credit hour.

Upon completion of this course, participants will be able to:

1. Discuss three nutrition considerations in infancy and childhood
2. Explain three focus areas of the growth assessment and malnutrition in infancy and childhood
3. Review two considerations for infants and children who require enteral or parenteral nutrition support
4. Define three unique challenges of home nutrition support for the pediatric patient

Presenter: This course was designed by Hi-R-Ed Online University. Hi-R-Ed has been approved as a provider of continuing education credit for social workers, nurses and dietitians and has received course approval for case managers.

If you have special needs not addressed in this flyer, please contact Option Care Health to make special arrangements.
